performance test console with transformer

Article no.: 2486

Machine no.:

Type:

Year of construction: 1989

Price: €3,400.00

Description: input - primarily 400 V three phases
output - secondarily reversible
- 230 V three phases
- 400 V three phases
- 525 V three phases
- 660 V three phases
power 50 KVA
space requirements width - 800 x depth - 400 x height - 2,000 mm
weight approx. 430 kg
