

hydraulic shifting system

Article no.: 3587

Machine no.:

Type:

Year of construction:

Price: request

Description: for shifting of heaviest loads
total thrust 400 to - 4 x 100 to
cylinder stroke approx. 1,000 mm
double-acting hollow piston cylinders
drawbars 9 x 6,000 mm, 1 x 5,000 mm
operating pressure up to 400 bar
tank capacity approx. 500 litres
operation by cable remote control
electrical data 400 V / 2 x 30 KW
